

## The Talking Handkerchief, and Other Stories

**Thomas Wallace KNOX (1835 - 1896)**

This is a collection of 22 stories of action and adventure. We follow the narrators as they escape pirates and cannibals, overcome natural disasters, and are attacked by wild animals. Cunning plans are executed and daring escapes are accomplished, all in the particular style of the 19th century adventure story.

Thomas Knox was an author who had travelled around the world by the time he wrote the stories in this volume, and who was no stranger to any of the geographic areas in which he set his stories. - Summary by Carolin
